

Program Descriptions

Infant & Toddler Programs

Infant Massage © ®

This class will give you the tools and information you need to communicate with your baby through loving touch.

Baby & Me Baby Wearing Dance © ®

You've seen the baby wearing classes and flash mob videos online, now you can dance with your baby too! Join us for Baby and Me Baby Wearing Dance to get moving, bond with your baby and meet other local moms. Bring your baby and your favorite wrap or carrier!

Infant Growth/Development and Breastfeeding Drop-In's © ®

To find out when a Public Health Nurse is visiting any of our locations (Glencoe, Baby Time, Strathroy, or Parkhill) please ask an EarlyOn staff or call Health Connection.

Baby Time

Baby time will remain a weekly program at this time with topics and/or guest speakers each week. A Public Health Nurses schedule of attendance will be available by speaking to an EarlyOn staff or calling into Health Connection!

***The Baby Time program on Monday afternoons will run at MLHU - Kenwick Mall 51 Front St. E.**

Little Counters™ © ®

This is a play-based program for parents and caregivers with children 12 to 39 months. Families will play, sing and do activities together to understand and build mathematical concepts.

Active Babies © ®

Is your baby moving around? Crawling? Pulling themselves up? If you answered yes to any of these questions then this program is for you and your child. Throughout our time together we will learn new songs and simple activities to encourage physical movement at home.

Twinkling Tunes for Babies © ®

Join us for an interactive time of singing with our children, newborn to 12 months old, to promote healthy brain development.

Infant & Toddler Programs Con't...

Kid's Cook - For Tots © ®

We welcome you to join us for a hands-on cooking good time! Even toddlers are able to help out in the kitchen with the simple and safe tasks. Join us to learn simple recipes that your toddler can help with. It is building on your child's pre-math, pre-literacy and exploration.

Baby Games © ®

Current research affirms the importance of stimulating babies brains to help 'pave those highways' and make permanent connections for future learning and development. Join Allison in this interactive workshop where all games will encourage healthy brain development, improve listening and language skills, spark curiosity, increase awareness of their body and develop a sense of humor.

Make The Connection (0-12 months) © ®

This program provides opportunities to promote attachment between parent and child, through a variety of activities. *We ask for a commitment to attend all sessions.*

Toddler Games © ®

Toddlers learn from all of the experiences we offer and the exploration that they do. Join Allison in this interactive workshop where all games will encourage healthy development, develop listening and language skills and spark curiosity.

Preschool Programs

Science for 4-6 Year Old's © ®

Ever wonder how things work? Come and wonder, discover and explore through fun experiences.

Simple Science for 2's and 3's

Fizzing, melting, and mixing are just some of the experiments your child will encounter. Bring your child for a fun time of exploring!

Librarian Visits

Our local librarians will visit each location to meet all of our families and share a together time experience with us!

Movin' and Groovin'

Join us for a fun and interactive music program where we will learn new songs, play with instruments and find ways to move our bodies.

Preschool Programs Con't..

Kids Cook - For Families © ®

All families welcome to join us for a fun learning experience with cooking. Together you will measure, mix, cut, and explore the cooking world, hands on.

Little Counters

This is a play-based program for parents and caregivers with children 12-39 months old. Families will play, sing and do activities together to understand and build mathematical concepts.

Parenting Programs

Bedtime Beginnings © ®

Presented by Brooke Hohenadel Owner and Operator of Bedtime Beginnings.

iSee Vision Screening Research Program

Children learn through what they see, but statistics show that up to five percent of all preschoolers has amblyopia or 'lazy eye!' Early detection and early intervention is key! Children aged 18 months to 5 years can participate in the research program aiming to detect risk factors leading to lazy eye in a timely fashion. Visit one of our locations for a free screening!

La Leche League

La Leche League Canada encourages, promotes and provides mother-to-mother breastfeeding support and educational opportunities. The 2nd Thursday afternoon of each month at **1:30pm**

Wednesday Evenings and Saturday Mornings

Are you looking for something fun to do with your family but want the warmth and home type atmosphere? Come and visit us at our 80 Frank St. location where you can enjoy playing and exploring for FREE! Open Wednesday evenings 6-8pm and Saturday mornings 9am-12pm. We will interact and learn together through play.
