

Looking to access your health records online? Learn more about ConnectMyHealth!

What Is ConnectMyHealth?

ConnectMyHealth is southwest Ontario's patient portal that provides you with access to your health records from participating healthcare facilities in this region, and helps empower your health journey. You can view various types of health records, including radiology reports and images, laboratory and microbiology results, hospital discharge summaries and more from participating hospitals!

Using ConnectMyHealth, you can share your records with other ConnectMyHealth users such as your family or caregivers, subscribe to be notified by email when you have new results available to view, and see your upcoming hospital appointments.

ConnectMyHealth is safe and secure, and can be used on desktop/laptop computers or mobile devices. ConnectMyHealth doesn't require an app be downloaded, and there is no cost to use it.
